

Student Associations

At EDHEC, there is a society for everyone ranging from sports and charities to fashion and media. Over 50 societies mobilise our students who join forces to carry out their projects including entrepreneurial ones.

Particularly appreciated by our students, they are a unique opportunity to mix hard work with pleasure and it is quite frequent to see our students winning competitions and prizes such as EDHEC United Nations.

Some of these societies such as the "Raid EDHEC" as well as the EDHEC Sailing Cup, with over 200 international boats involved including crews from Oxford, Princeton and UCLA, among others, have become internationally r e n o w n e d .

Find out more about the EDHEC student associations [here](#).
